VULCAN'S 50TH CELEBRATIONS

Vulcan Refractories celebrated their 50th anniversary over the last weekend in August.

On Friday all the staff went to Crewe Hall for presentations and light-hearted team building events. On Saturday we returned to Crewe Hall for a family fun filled day. Starting with afternoon tea, there were funfair stalls including crazy golf, hook a duck, face painting and much more. There was an ice cream cart and open bar for those had not had enough cake.

In the evening after a delicious BBQ live music got everyone dancing the night away. Brian Zampell, Joe and Mario stole the stage for their version of Summer of 69, a very fitting song to celebrate the 50th anniversary.
