### SUPPORTING OUR COMMUNITY

This season, Vulcan have been proud to sponsor one of our local cricket teams, Oakamoor Under 13s. Vulcan values its community, and is committed to giving something back to it.

Pictured right is team member George, who is the son of our Sales, Customer Service and Purchasing Administrator, Rachel Bradburn.

## WELLBEING WEEK

Wellbeing is a very important issue. Different levels of stress, anxiety, depression and loneliness can affect each and every one of us at any time in our lives.

Issues with Mental Health can affect our emotions, our behaviour, our thinking ability, and our physical health.

Physical wellbeing is the ability to maintain a healthy quality of life that allows us to get the most out of our daily activities without undue fatigue or physical stress.

Social Wellbeing is a sense of belonging to a community and making a contribution to society.

At Vulcan, we take all of these subjects very seriously, and that is why we are introducing a Wellbeing Week in August.

During this week, all employees will be given information and contact numbers for organisations with whom they can talk confidentially, thus raising each person's awareness of the support that is available across a wide range of Wellbeing issues.

## THE PLATINUM JUBILEE

6th February 1952 marked the start of the reign of Queen Elizabeth II of England.

In celebration of her 70 years as our Monarch, an extra National Holiday was granted in the UK, with festivities being held from 2<sup>nd</sup> to 5<sup>th</sup> June to mark this unprecedented anniversary.

At Vulcan, we also proudly flew the Union Flag at the Works entrance.
